

Saturday, October 29, 2022 National Prescription Drug Take Back Day

Northwestern Medicine will host collection sites for National Prescription Drug Take Back Day. The event provides a safe, convenient and responsible way to dispose of unused opioids and other prescription medications. If you throw unused medications in the trash, they can be retrieved and abused, or illegally sold. If you flush them, they can contaminate the water supply.

Northwestern Medicine will host eight drive-up sites from 10 am-2 pm on Saturday, October 29, 2022
